Prepared by **Terrence Marshall, CPA** · REALTOR® · Salesperson & Team Lead
SYNERGY Real Estate Group · REAL Broker Ontario Ltd., Brokerage

Raza — thank you for the opportunity to put this together. Everything in it comes from one MLS® pull run in mid-October: every detached sale of 3,000 sq ft or more within 1.5 kilometres of your door since June 1, and every one currently for sale. The sections on value come first, the listing plan follows. One thing shapes the whole document: the buyers for a home like yours are active through November and thin out quickly once December and the holiday season arrive, so the timing matters as much as the number. Our reading of the evidence is stated once, at the end, and labelled as ours.

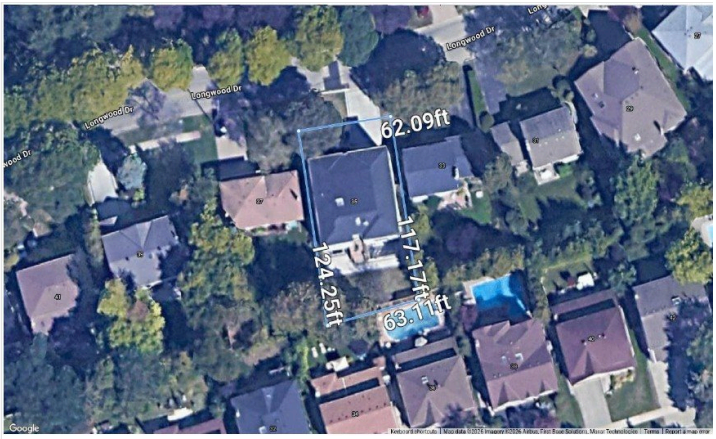

SECTION 01 · THE PROPERTY

A 4,766 sq ft custom residence, completed in 2019, on a 62-foot lot off Denlow Boulevard.

35 Longwood Drive South is a detached two-storey built in 2019 in the Banbury-Don Mills community, south of York Mills between Leslie and Banbury, with park views from the upper floor. The home has 4,766 sq ft above grade: five bedrooms, each with its own ensuite, two powder rooms, a main-floor office and a walk-through pantry, with a finished walk-out lower level that adds a sixth bedroom and ensuite, a second kitchen, a gym, a sauna and heated floors throughout. Stone and stucco exterior, a heated driveway, automatic blinds, three fireplaces and a built-in double garage complete it.

TYPE	Detached · 2-storey · built 2019 (MPAC) · Lot 30, Plan 5476
ABOVE-GRADE AREA	4,766 sq ft (MPAC, confirmed)
BEDROOMS / BATHROOMS	5 + 1 bed · 6 full + 2 half bath · 3 fireplaces
LOWER LEVEL	Finished walk-out · kitchen · bedroom with 3-pc ensuite · gym · sauna · heated floors
LOT	62 × 120.5 ft (MPAC) · 7,524 sq ft · zoned RD(f21; a1375)
PARKING	Built-in double garage · private double drive, heated · 6 spaces
KITCHEN	Wolf gas cooktop · built-in fridge, oven and dishwasher · walk-in pantry with fridge
MPAC ASSESSMENT	$3,310,000 (January 1, 2016 base) · property code 301
2025 PROPERTY TAX	$24,960
TITLE	Freehold · Land Titles · PIN 101220116

Source: Teranet GeoWarehouse® and MPAC records for PIN 101220116, generated October 17, 2026; room detail from the MLS® record. Teranet flags its lot measurements as estimates.

Parcel outline, Teranet. 62.09 ft frontage · 117.17 and 124.25 ft sides.

What stands out

- Newer than every comparable sale except the $5.4M Junewood estate
- Five bedrooms, each with its own ensuite — every comparable sold as a 4+1
- A complete lower level: kitchen, bedroom suite, gym and sauna, with a walk-out
- Heated driveway, automatic blinds and two furnaces — the running costs of a new build, not a renovated one

SECTION 02 · OWNERSHIP HISTORY

The land changed hands four times before the home standing today was built.

Date	Event	Price
June 2010	Original house sold	$860,000
August 2013	Original house sold	$1,162,000
November 2013	Original house sold	$1,371,000
April 2017	Purchased by Raza Qarizada — the original house and the land	$2,500,000
2019	Custom residence completed (MPAC year built)	—
November 2026	**Estimated market value, midpoint of the range in Section 07**	**≈ $4,375,000**

Source: Teranet sales history and MPAC structure record for PIN 101220116. The 2017 price bought the previous house; the build cost of the current home is not on title. The midpoint is an estimate for discussion, not an appraisal.

The land alone nearly tripled between 2010 and 2017, which is the story of this pocket: the original 1960s housing stock is being replaced lot by lot with homes like yours. That is also why the sales that matter to your value are the handful of large newer homes, not the pocket's average.

SECTION 03 · THE MARKET TODAY

The GTA is down 9% on sales and 5% on price. The top of the market is where buyers are slowest.

5,040

GTA home sales, September 2026 · −9.0% against September 2025 · average price $1,006,409, −5.1% (TRREB)

−14.4%

new listings against a year ago · active listings −9.3% · fewer homes coming to market, and the ones that are take longer: 34 days on average, 98% of list

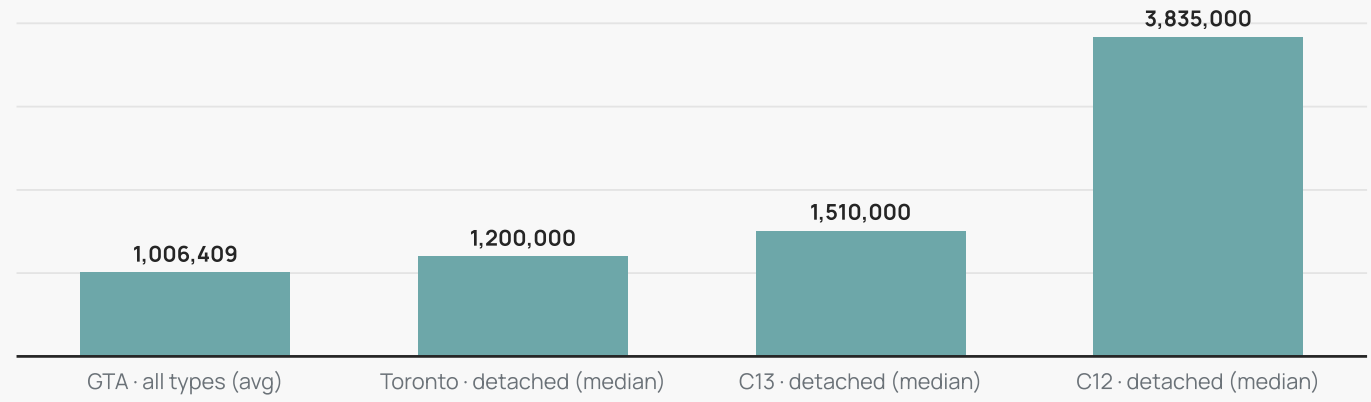

$1,200,000

median detached sale in the City of Toronto in September · 640 sales · average $1,562,966 (TRREB)

50 days · 95%

detached homes in Toronto C12 — the $3–5M market next door · 10 sales · median $3,835,000 (TRREB). C13: 17 sales, median $1,510,000, 98%, 24 days

SEPTEMBER 2026 — WHERE YOUR HOME'S MARKET SITS AGAINST THE MACRO PICTURE

TRREB Market Watch, September 2026 · the GTA figure is an average; the three Toronto figures are medians

Toronto Regional Real Estate Board, Market Watch, September 2026. District figures are detached sales reported through TRREB MLS® for the month.

Start with the whole picture. Across the Greater Toronto Area, TRREB reported 5,040 sales in September — 9% fewer than a year earlier — with the average price down 5.1% to $1,006,409. New listings fell 14.4% and active inventory 9.3%, so the market is not being flooded; it is being waited out. What has not moved is the sold-to-list ratio: 98% across the region, 99% in the City of Toronto. Homes priced to the market still sell close to their asking price. What has changed is how many buyers there are at any one time, and how long they take.

Narrow to Toronto detached homes: 640 sold in September at a median of $1,200,000 and an average of $1,562,966. The two districts that meet at your street tell two different stories. Toronto C13, which includes Banbury-Don Mills, recorded 17 detached sales at a median of $1,510,000, 98% of list and 24 days — a figure set by the Don Mills side of the district. Toronto C12 next door, St. Andrew-Windfields and the Bridle Path, recorded 10 sales at a median of $3,835,000, 95% of list and 50 days. That is the market your home is actually in: fewer buyers, more negotiation, twice the time.

Board statistics stop at the district line, and a district median says little about a 4,766 sq ft home. So we pull our own data from MLS®: every detached sale and every active listing within 1.5 kilometres of your door, refreshed on the 1st of each month — before the board publishes on the 7th or 8th. Section 05 shows what that pull says about your pocket, and Sections 04 and 08 are built from it.

You will receive this data every month for as long as we are working together — our own pull on the 1st, the board's report when it lands — so a shift in the market shows up in time to act on it, whether that means taking an offer in hand or holding for the next one.

SECTION 04 · COMPARABLE SALES SINCE JUNE 1

Four sales of 5,000 sq ft or more within 1.5 km. Nothing between 4,000 and 5,000 sq ft sold.

The MLS® search covered detached two-storeys of 3,000 sq ft or more within 1.5 km, closed on or after June 1: ten sales. Six of them were 1960s–70s homes of 3,200–3,500 sq ft, or a lot sold with building permits — a different buyer, and set aside here (Section 05 shows them as the pocket's floor). Four remain, and every one is larger than your home. That is the shape of this market: a 4,766 sq ft home sits between the original stock and the estates, and the value has to be read from the larger homes downward.

Address	Sold	Date	% of list	Days	Sq ft	$ / sq ft	Bed / bath	Lot (ft)	Pool	Built

Open the comparable sales on MLS®
Photos, room sizes and listing history for every sale in the pull

The link opens the full search, including the six smaller sales described in Section 05, so you can see everything we looked at — not just what we kept.

Source: PropTx MLS® sold records (REALM search, October 17, 2026), cross-checked against SYNERGY's MLS® extract. Above-grade area is as stated on each listing, from plans or MPAC; $ per sq ft is the sale price divided by that area. Across the four: 89% of list on average, 78 days on market.

SECTION 05 · WHAT THE POCKET DID

Two markets within 1.5 km: under $2.5M sells in days at asking; above $4M has taken about three months at 90% of list.

This is SYNERGY's own pull — every detached sale of 3,000 sq ft or more within 1.5 km since June 1, ten in all — and it shows one clear pattern: the time it takes to sell rises with the price. The three sales under $2.5M, original 1960s and 70s homes, went in two to nineteen days at or above asking. The three sales above $4M took six weeks to five months and closed at 81–95% of their asking prices. Your home is in the second group, where buyers are fewer, more deliberate and more sensitive to a listing that has been sitting — and where the calendar matters, because that buyer pool thins sharply from early December to mid-January.

The pocket is layered. At the floor, three original homes of 3,200 to 3,400 sq ft on 54- to 55-foot lots sold for $2,350,000 to $2,415,000 — buyers paying for the land and a usable house, and the speed tells you how deep that demand is. In the middle, a 70 × 152 lot at Lawrence and Leslie sold with building permits for $3,200,000 before a shovel went in; a renovated 1960s home on Banbury Road made $3,000,000; and a 3,338 sq ft modern build near Don Mills and Lawrence — about two-thirds your size — made $3,300,000 in fifteen days. At the top, the three sales above $4M were all 5,000 sq ft or more, on the Bayview side, with pools.

$3,200,000

a 70 × 152 lot with building permits, Lawrence & Leslie, July — the cost of starting from scratch

The 1.5 km radius around 35 Longwood — the search area for every sale and listing in this document, from Bayview to Don Mills and from the 401 to Lawrence. Pins mark the homes currently for sale at their asking prices; they are detailed in Section 08. SYNERGY's own MLS® pull, October 17, 2026.

MEDIAN DAYS TO SELL BY PRICE BAND — DETACHED, 3,000 SQ FT AND UP, WITHIN 1.5 KM, SINCE JUNE 1

SYNERGY's own MLS® pull · house sales only; the one land sale in the pull is excluded

Tier of the pocket	What sold	Price	Days
Original stock	Three 1960s–70s homes, 3,195–3,414 sq ft, 54–55 ft lots	$2,350,000 – $2,415,000	2 – 19
Land and permits	70 × 152 ft lot at Lawrence & Leslie, permit-ready	$3,200,000	42
Renovated or smaller new	Renovated 1960s on Banbury Rd (3,500 est.) · 3,338 sq ft modern build, Don Mills & Lawrence	$3,000,000 – $3,300,000	15 – 36
Large, dated	5,239 sq ft 1980s contemporary, 82 ft lot, pool	$3,500,000	44
Large, Bayview side	5,001 and 6,000 sq ft, 73- and 92-ft lots, pools	$4,450,000 – $4,520,000	41 – 144
Estate	6,140 sq ft new limestone build, elevator, pool	$5,382,500	84

SYNERGY's own MLS® pull, October 17, 2026. Not board statistics. Where a listing stated its above-grade area the figure is used; otherwise the listing's size band.

SECTION 06 · WHAT EACH SALE TELLS US

One close comparable, one ceiling, and two that show what size alone does not buy — ranked by what the photographs show.

10 Penwood Cres · Bayview & York Mills

$4,450,000

SOLD SEPTEMBER 18 · 144 DAYS · 81% OF LIST

The closest comparable in size and price. A 5,001 sq ft home of 1970s architecture backing onto Windfields Park with a concrete pool, on a 73-foot lot; 4+1 bedrooms and five bathrooms. The photographs show a clean, bright renovation — light oak floors, a white kitchen, new bathrooms — inside the original shell: compact rooms, standard ceiling heights, a galley-scale kitchen. It has more of almost everything your home has outside — frontage, a pool, parkland, the Bayview side — and less of what yours has inside. Listed at $5,499,000 in April and sold in September for $1,049,000 less. Two lessons: this is what a 5,000 sq ft home with every outdoor advantage cleared at this autumn, and this is what opening 23% high cost in time.

17 Sagewood Dr · Bayview & York Mills

$4,520,000

SOLD SEPTEMBER 15 · 41 DAYS · 95% OF LIST

The ceiling. A 6,000 sq ft custom Georgian by architect Tom Spragge on a 92 × 140 lot, with a four-car garage, circular drive, cedar-shake roof and pool. Immaculate and traditional: a panelled library, a red formal dining room, a cream kitchen with granite, carpeted bedrooms — a 1990s house kept beautifully, not a modern one. Listed at $4,750,000, close to its value, and sold in six weeks at 95%. A home 1,200 sq ft larger than yours on a lot 30 feet wider, in the most expensive part of the community, made $4,520,000. Your value sits below this on size and lot, and above it on finish.

29 Junewood Cres · St. Andrew-Windfields

$5,382,500

SOLD AUGUST 19 · 84 DAYS · 93% OF LIST

The top of the local market this year, and the only sale finished to the standard of your home or above it. A new limestone estate of 6,140 sq ft above grade — nearly 9,000 in all — with coffered ceilings, a glass-railed staircase, a home theatre, a wine cellar, an elevator, a heated three-car garage and a pool, on a lot widening to 90 feet. Not a like-for-like comparable; it is here to show what another 1,400 sq ft and estate-level specification buy, which is roughly $1,000,000 over your range — and to show that the one modern house in the set is the one that sold highest.

19 Vernham Ave · St. Andrew-Windfields

$3,500,000

SOLD JUNE 6 · 44 DAYS · 88% OF LIST

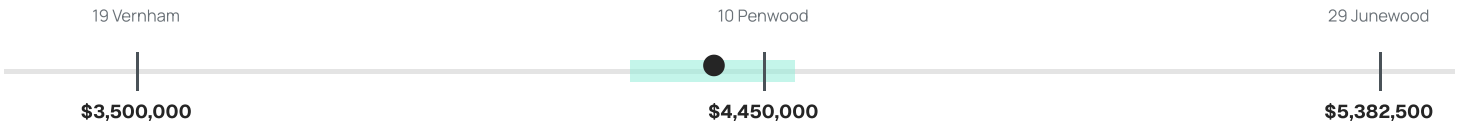

The most instructive sale for your home. A 5,239 sq ft owner-built contemporary from the 1980s with an 80-foot frontage, a pool and 4+1 bedrooms — larger than yours in every dimension — listed at $3,998,000 and sold for $3,500,000. The photographs explain the price: original kitchen, glass-block bathrooms, carpet, pastel tile. It closed $950,000 below Penwood on size and lot that were, if anything, better. Buyers at this level are paying for how a home was built and when, not only for how big it is. That is the whole case for a 2019 build.

THE PATTERN

Ranked by what the photographs show, the four sales run **Junewood** (new, estate finish — $5,382,500), **Penwood** (renovated inside a 1970s shell — $4,450,000), **Sagewood** (immaculate, traditional 1990s — $4,520,000) and **Vernham** (1980s original — $3,500,000). Size did not set the order: Vernham, the second-largest, sold lowest, and Sagewood needed 6,000 sq ft and a 92-foot lot to edge past Penwood. Three of the four were priced within 5–7% of where they sold and closed in six to twelve weeks; the one that opened 23% high took five months. At **4,766 sq ft, built in 2019**, 35 Longwood is the smallest of the five and, with Junewood, one of only two finished as a modern house. The evidence places it **alongside Penwood and below Sagewood on size, above both on finish** — which is the top half of the range.

SECTION 07 · WHERE THE EVIDENCE LANDS

Estimated market value.

The shaded band is the estimated value range; the dot is the midpoint. The markers are three of the four comparable sales; 17 Sagewood ($4,520,000) sits just above Penwood.

Consideration	Effect on value
Closest comparable: 10 Penwood Cres — 5,001 sq ft, 73-foot lot, pool, parkland, Bayview side; renovated 1970s architecture	**$4,450,000**
Ceiling: 17 Sagewood Dr — 6,000 sq ft on a 92-foot lot with a pool, Bayview side	**$4,520,000**
Construction and finish: a 2019 build with marble, tray ceilings and heated floors against a renovation inside a 1970s shell (Penwood), a traditional 1990s interior (Sagewood) and a 1980s original (Vernham) — only Junewood is finished to this standard	upward
Lower level: finished walk-out with a kitchen, bedroom suite, gym, sauna and heated floors — matched by Penwood, exceeded by none	upward
Size: 4,766 sq ft — 235 less than Penwood, 1,234 less than Sagewood	downward
Lot and setting: 62 × 120.5 against 73- and 92-foot lots; no pool; the Leslie side of the community rather than Bayview	downward
Active competition: two listings in your own pocket at $4,490,000 and $5,290,000 have sat 193 and 167 days without selling (Section 08)	caps the top
Market timing: GTA sales down 9% and prices down 5% year over year; the top end is taking longest to sell	neutral to downward

Adjustments are directional. The range is the reconciliation, weighted for the 2019 construction and for the time it is currently taking to sell at this price level.

$4,250,000 – $4,500,000

estimated market value · midpoint $4,375,000

$4,499,000

recommended list price — the alternative is set out in Section 09

The two Bayview-side sales bracket your home from above on size and land: Penwood at $4,450,000 with more lot, a pool and parkland but a renovated 1970s house, and Sagewood at $4,520,000 with 1,200 sq ft more on a lot 30 feet wider but a traditional 1990s interior. On finish, your home is closer to Junewood than to either of them, and that is worth real money at this level — enough to put 35 Longwood at parity with Penwood at the top of the range. The smaller lot, the absence of a pool and the Leslie side of the community set the bottom. Vernham at $3,500,000 is the reminder that size without newness does not carry the price; your home has both.

At the midpoint the home carries **$918 per square foot** above grade — the highest rate in the set, as the smallest and newest house in it should: Penwood sold at $890, Junewood at $877, Sagewood at $753 and Vernham at $668.

This estimate is built from the records and the photographs on file. A walkthrough — the finishes, the lower level, how the house sits on the lot and against the park — is what turns it into the number we would put on a listing agreement.

SECTION 08 · WHO YOU WOULD BE COMPETING WITH

Twenty-one detached homes are for sale within 1.5 km. Nine are in your price bracket, and two of them are in your pocket.

A buyer looking at your home in November will have these open in other tabs. The seven Bridle Path and Windfields estates between $8.8M and $15.8M are a different market and are left out; so is a 100 × 563 ravine property at $5.68M. What remains is the field you would actually be judged against.

The pattern across the nine is the same as in the sales: the ones that have been sitting opened high. Five of the nine have been on the market more than 100 days. The two that matter most are the two in your own pocket — 20 Blaine at $4,490,000 after 193 days, and 27 Hurlingham, brand new, at $5,290,000 after 167 days. Between them they mark where the ceiling is for a large home east of Banbury this season, and nothing in the set has cleared above it.

9

competing listings between $4.49M and $7.9M within 1.5 km

193 days

20 Blaine Dr, Lawrence & Leslie — 5,232 sq ft, renovated 2022, now $4,490,000 from $4,998,000

167 days

27 Hurlingham Cres, York Mills & Leslie — brand new, 5,381 sq ft, $5,290,000

5 of 9

have been on the market more than 100 days

20 Blaine Drive — $4,490,000

193 DAYS · 5,232 SQ FT (MPAC) · BUILT 1990, RENOVATED 2022 · 62 × 140 CORNER · NO POOL · LAWRENCE & LESLIE

The listing that defines your price point. Same side of the community, the same 62-foot frontage on a deeper corner lot, 466 sq ft more than yours, renovated top to bottom in 2022 with seven full bathrooms. It opened at $4,998,000 in the spring, came down to $4,490,000, and has not sold in six months. It is a renovated 1990 house, not a 2019 build, so it is not a measure of your value — but it is a clear demonstration that buyers here are patient, and that $4.5M is a number they are prepared to wait out.

27 Hurlingham Crescent — $5,290,000

167 DAYS · 5,381 SQ FT (PLANS) · BRAND NEW, NEVER LIVED IN · 50 × 168 · NO POOL · YORK MILLS & LESLIE

The only other new home in the field, and in your pocket. Larger than yours by 600 sq ft on a narrower, much deeper lot, with no pool and a walk-up rather than walk-out lower level. It has been offered for sale since the spring at $5,290,000 and remains unsold. For a buyer, this is the direct alternative to 35 Longwood; for pricing, it tells us that new construction in this pocket is not clearing above $5M, and that your home at $4,499,000 is the better-priced new build by a wide margin.

6 Vernham Avenue — $4,950,000

10 DAYS · 5,658 SQ FT (PLANS) · GEORGIAN · 75 × 151 · INDOOR POOL · BAYVIEW & YORK MILLS

Fresh to market on the Bayview side: a classic red-brick Georgian with an indoor salt-water pool on a 75-foot lot. Larger and on more land, in an older style. It will test whether $4.95M is live for a traditional home in Windfields this season; if it sells quickly, it supports the top of your range, and if it sits, it confirms the ceiling.

3 Vernham Court — $4,950,000

128 DAYS · 6,356 SQ FT (MPAC) · DESIGNER-BUILT · 75 × 150 CORNER · NO POOL · BAYVIEW & YORK MILLS

A 6,356 sq ft residence on a Windfields cul-de-sac with a circular drive and extensive landscaping, unsold since June at $4,950,000. Nearly 1,600 sq ft more than your home on a lot 13 feet wider, and it has not found its buyer at this price in four months. Another marker that the $4.9–5.0M level is not clearing this autumn.

5 Abrams Place — $4,998,000

67 DAYS · 7,546 SQ FT (MPAC) · CONTEMPORARY · 47 × 171 PIE TO 195 FT · NO POOL · BAYVIEW & YORK MILLS

An architecturally distinctive contemporary on a 0.42-acre pie-shaped lot with a pond. Half as big again as your home and on nearly three times the land, asking $4,998,000 for two months. The upper bound of what a buyer at $5M can choose from, and a reminder that at this level they have a great deal of house to choose from.

31 Bradgate Road — $5,689,000

26 DAYS · 5,122 SQ FT · CUSTOM BUILD · 54 × 155 PIE TO 98 FT · ELEVATOR · BACKS ONTO THE DON MILLS TRAIL

A newer custom build with an elevator and a private gate onto the trail, on a cul-de-sac in the heart of Banbury. Closest to yours in size and era, asking $1.19M more. Worth watching through November: if it draws an offer near its asking price it re-rates everything in this section; if it reduces, it lands near where Hurlingham has already been sitting.

14 Denewood Crescent — $5,999,999

108 DAYS · 5,071 SQ FT (MPAC) · BUILT 2005 · 82 × 120 · POOL · LAWRENCE & LESLIE

A 2005 brick-and-stone custom home with a pool and a two-storey library on an 82-foot lot, unsold since July. Similar in size to yours, 14 years older, on 20 more feet of frontage, asking $6M. It has been on the market for the whole autumn without a sale.

34 Greengate Road — $6,680,000

132 DAYS · 5,109 SQ FT · BUILT 2022 · 122 × 110 PIE · ELEVATOR · NO POOL · NEAR EDWARDS GARDENS

A 2022 build with an elevator and radiant heated floors on a rare 120-foot-wide lot near Edwards Gardens — the newest home in the field and the only one newer than yours. Similar size, twice the frontage, asking $6.68M, relisted after four months. The premium it asks is for the lot, and the market has not yet paid it.

7 Winchfield Place — $7,888,000

17 DAYS · 5,669 SQ FT (MPAC) · BUILT 2016 · 51 × 144 PIE TO 143 FT · ELEVATOR · TRIPLE GARAGE · LESLIE & LAWRENCE

A 2016 stone residence with 10-foot ceilings, an elevator and a triple garage on a pie lot widening to 143 feet. Newly listed at $7,888,000. The top of the Banbury-Don Mills field — included so the full range of what a buyer sees is in front of you.

Live on MLS® — photos, prices and days on market, updating

This link stays current. As these sell or reduce through November, you will see it before our next conversation — which is exactly the information we use to decide whether to hold or adjust.

SYNERGY's own MLS® pull, October 17, 2026: detached homes listed for sale within a 1.5 km radius. Days on market are cumulative, as of October 17. Not board statistics.

SECTION 09 · TWO WAYS TO PRICE IT

Two ways to price it — and why the number is not final until we have walked through.

The range in Section 07 and the list prices below are an educated estimate, built from the records, the MLS® data and the photographs on file. We have not yet been inside. The walkthrough — the finishes, the lower level, how the house sits on the lot and against the park — is what turns the estimate into a pricing strategy we would put our name to, and it can move the number in either direction.

Both columns assume a launch within a week of the walkthrough, with photography, video and the ad campaign ready on day one.

Two ways to price it

	List at $4,499,000 — price to the evidence	List at $4,699,000 — test the top, with a step agreed in advance
List price	$4,499,000	$4,699,000, moving to $4,499,000 if there is no offer by day 14
Price per sq ft	$944 — above every sale in the set, which a 2019 build of this size supports	$986 — asks for $100 a foot more than Penwood achieved with a pool and parkland
Position in the field	$9,000 above 20 Blaine (a renovated 1990 house, 193 days) and $791,000 below 27 Hurlingham, the only other new build. The best-priced new home in the pocket, inside the $4.5M search bracket	Above Blaine, still well under Hurlingham, but outside the $4.5M bracket most buyers in this range search within — and at a level nothing east of Banbury has cleared this year
What the sales showed	The three homes priced within 5–7% of their value sold in six to twelve weeks at 93–95% of list	The one that opened well above its value took 144 days and sold at 81%; two actives that did the same are at 193 and 167 days
Likely outcome	Serious showings in the first fortnight; an offer inside four to six weeks at $4,250,000–$4,450,000	Two quiet weeks, then the step to $4,499,000 with 14 days showing on the listing — and the same buyers, two weeks closer to December
What favours this	Certainty and the calendar: it keeps the whole November window and arrives at the holidays sold or in negotiation	The chance that a buyer who has watched Hurlingham sit sees $4.7M for a finished 2019 home as the value in the pocket and moves early

Figures are estimates for discussion. The pricing strategy is finalized at the walkthrough, not before.

SECTION 10 · THE TAX PICTURE

A sale of your principal residence is tax-free.

One flag, not advice — and it is work we do as part of the file.

PRINCIPAL RESIDENCE EXEMPTION	Where a home has been the owner's principal residence for every year it was owned, the gain on sale is exempt from tax under the principal residence exemption: the sale is tax-free, with the designation reported on that year's return. Terrence prepares the designation as part of the file. If any part of the ownership history sits outside that pattern, or if you have questions beyond this, contact the undersigned.

HOW WE HELP

We flag what deserves a closer look before it becomes a costly mistake, and make sure you take advantage of everything available to you. You get the analysis and the coordination as part of the file — not as a separate engagement, and not as a surprise at closing.

Flags for discussion, not legal or tax advice. A formal opinion would be provided under a separate engagement.

SECTION 11 · WHO BUYS A HOME LIKE YOURS

Three buyers, and the one your home is built for.

Every one of the four comparable sales was a 4+1 bedroom home. Yours has five full bedrooms upstairs, each with its own ensuite, and a complete suite below with its own kitchen. That is not an incidental difference — it decides who we market to.

The pull also shows what the alternative to buying costs. A permit-ready lot at Lawrence and Leslie sold for $3,200,000 in July; the brand-new home on Hurlingham is asking $5,290,000. A buyer who wants new construction in this pocket is choosing between two years of building and a finished 2019 home.

The multi-generational family

Six bedrooms and eight bathrooms, a second kitchen with a walk-out, two furnaces and a sixth bedroom with its own ensuite and sauna. Parents and adult children can live under one roof with real privacy. No comparable sale offered this, and none of the nine active listings has five ensuites on one floor. This is your strongest buyer, and the lower level is what they search for.

The family moving up within the pocket

Selling a 3,200–3,500 sq ft original home nearby — the $2.35–2.42M band that is clearing in days — and trading into a finished new build without leaving the schools or the street network they know. They are sensitive to the gap between the two prices, not the absolute number, which is why a list price inside the $4.5M bracket brings them to the door.

The buyer who would otherwise build

Looking at a $3.2M lot plus two years and the risk of construction, against a seven-year-old home with Wolf appliances, a heated driveway and the landscaping grown in. Hurlingham, at $5.29M for new, has shown this buyer what new costs; your home is the finished alternative at a price that makes the comparison easy.

SYNERGY's own MLS® pull, October 17, 2026: detached sales and active listings within 1.5 km. Bedroom and bathroom configurations as stated on each listing.

WHAT WE DO FOR YOUR PROPERTY

At 4.5%, your home gets everything we have — produced, placed and running around the clock before the first showing.

The comparable sales make the point: the homes that sold inside six weeks were the ones that showed as well as their price on day one. With a November window there is no second launch, so everything below is produced and live before your home goes on MLS®. Paid ads run 24/7 for the life of the listing, social video puts the house in front of buyers who are not yet searching, and every showing comes back to you as data.

PRODUCTION

Professional photography — shot and edited for MLS®, print and social

Videography and aerial drone — full walkthrough and exterior footage

Social media property tours — short-form video cut for Facebook, Instagram and YouTube

Floor plans — measured and drafted for every level

EXPOSURE

MLS® and full syndication — REALTOR.ca and every major portal, day one

Paid digital advertising, 24/7 — across 6 pages reaching over 300,000 views each month, for the life of the listing

Optimized Facebook / Instagram campaign — targeted to the three buyer profiles in Section 11 and tuned weekly on results

Dedicated property page — a live page like this one, kept current as the market moves

Agent network — broker open, agent database and the five-agent push on launch day

ON THE GROUND

Professional staging — already in place — covered in the Concierge package

Painting and touch-ups — arranged and coordinated by us

Open house program — first weekend after launch, then as the showing data says

Showing feedback — sent to you after every showing; reviewed together every 7 to 10 days

In-house legal review — contracts and conditions checked before you sign

CPA tax review — the principal residence designation handled on the file

Staging and painting are included at the Signature and Concierge levels, scoped to the home at the time of listing and arranged through our vendors. Ad reach is campaign-dependent and reported to you during the listing.

CHOOSE YOUR LEVEL OF SERVICE

Three packages, the same duty of care in every one — and the Concierge level, with everything in it, offered at 4.5% for this file.

Every package includes the full professional obligations we owe you: presenting all offers, acting in your interest, and complete disclosure. What differs is how much of the preparation and marketing we take on.

For 35 Longwood we are offering the Concierge package at 4.5% total — 2% to the listing brokerage and 2.5% to the co-operating brokerage — with every premium service the team offers included: professional photography, video and drone; social media property tours on Facebook, Instagram and YouTube; a paid digital campaign running 24/7 for the life of the listing; an optimized Facebook/Instagram campaign aimed at the buyers in Section 11; a dedicated property page like this one; staging, which is already in place and covered; in-house legal and CPA tax review; and the broker open and open house program. The one Concierge item that does not apply to a 2019 home — renovation project management — is marked as such.

OFFERED FOR THIS FILE

Concierge

~~6%~~ **4.5%** total

2% listing brokerage + 2.5% co-operating brokerage

Everything in Signature plus social video tours, an optimized Facebook/Instagram campaign, a dedicated property page and the open house program — with staging covered — at the rate offered for this file.

FAMILIES SERVED

★★★★★

"He sold my parents' property in just two weeks — and for over asking — which truly exceeded our expectations. His expertise in the market, attention to detail, and strong negotiation skills really stood out. We always felt like we were in good hands."

Jathuri S. · Google review

★★★★★

"From day one, he came prepared with a clear strategy and a deep understanding of the market, which immediately put me at ease. Terrence's marketing plan truly made my home stand out, and his integrity and dedication were evident throughout."

Devika B. · Google review

★★★★★

"Even after closing, Terrence has always been available for advice and support. Synergy's in-house accounting services have also been a huge asset, providing expert tax consulting and simplifying the filing process."

OUR COMMITMENT TO YOU

We return more than our fee in value: honest advice, excellence in service, and the knowledge to make these decisions without stress. Our in-house professionals flag what deserves a closer look before it becomes a costly mistake — and make sure you take advantage of everything available to you, so you sell for the highest price with the least disruption. We guide you before, during and after the sale. **We're here for life.**

About us

SYNERGY Real Estate Group is a residential and light-commercial team under REAL Broker Ontario Ltd., Brokerage — part of the Real REMAX Group family of brands. Terrence Marshall leads the team: a REALTOR® and Chartered Professional Accountant with nine years in the business and more than $250M in personal sales, working alongside Ian Serota (Broker), Andres Ramirez and Heaven Kaymen Joseph.

YOUR TEAM

Five agents, a CPA and legal counsel — on one file.

Terrence Marshall

REALTOR® · CPA · TEAM LEAD

Nine years in real estate with more than $250M in personal sales, and a Chartered Professional Accountant specializing in real estate taxation. Leads the file from first conversation through closing, and handles the tax review himself.

Ian Serota

BROKER

Brings brokerage-level oversight to pricing, offers and contract structure. A second set of experienced eyes on every negotiation that matters.

Andres Ramirez

REALTOR®

Listing preparation, showings and buyer follow-up. Keeps the week-to-week moving so nothing waits on a single calendar.

Heaven Kaymen Joseph

REALTOR®

Marketing production and buyer-side coverage, including the social and digital campaign that runs behind each listing.

In-house legal counsel

CONTRACT AND TITLE REVIEW

Conditions, requisitions and title issues found before they become expensive. Most sellers only learn about these on closing day.

QUESTIONS SELLERS ASK

The things most people want to ask, answered before you have to.

Why not list higher and come down if we have to?

Because at this price the market reads the days. 10 Penwood opened at $5,499,000 and sold five months later at $4,450,000. 20 Blaine opened at $4,998,000 in the spring and is still for sale at $4,490,000. The buyers for a $4M+ home in this pocket are few, they know every listing, and the first fortnight is the most attention your home will ever get. The step-down option in Section 09 is there if you want to test the top — with the step agreed before we launch, not after.

What if it hasn't sold by December?

Then we will have two to three weeks of showing and traffic data and a clear read on why. We agree in advance what a slow first fortnight means. The point of launching in mid-November is that the question gets answered while the buyers are still active, not after they have gone quiet for the holidays.

Does a home like this need staging?

Yes — and it is already done. The home shows as a staged home today, and staging is covered in the Concierge package offered for this file, so there is nothing for you to arrange or pay for. What we add is the editing: which rooms are photographed and how, the lower level shown as the suite it is, and video that moves through the house the way a buyer would.

How long does it actually take?

About three days of preparation from the signed listing to live on MLS®, then a firm sale typically in four to six weeks at this price. Closing is usually 60 to 90 days after that, and the date is negotiable to suit your plans.

Do I pay anything if we don't sell?

No. Commission is earned on a completed sale. Staging, painting, photography and video at the Concierge level are ours to carry.

What happens to my taxes?

If 35 Longwood has been your principal residence for every year you have owned it, the gain is exempt and the sale is tax-free. Terrence is a CPA, so the designation is prepared as part of the file rather than discovered at closing. Anything beyond that, ask him directly.

Who will I actually be dealing with?

Terrence leads the file. Behind him is a five-agent team and in-house legal review. You are never waiting on one person's calendar, and nothing sits because someone is away.

What if I change my mind?

Tell us. We would rather pause a listing than push a family into a sale they aren't ready for. We've built this business on families who came back and who sent their relatives.

FROM HERE TO SOLD

What the next six weeks would look like.

Week 1	Walkthrough. Pricing strategy finalized against this analysis. Listing contract signed.
Days 2 – 5	Photography, video, aerial drone and property-tour videos produced. Facebook, Instagram and YouTube ad campaigns designed.
Day 6	Live on MLS®, with the paid campaign, the agent database and the five-agent push starting the same day.
Every showing	Showing and viewing data sent to you after each showing, and feedback sought from every buyer's agent. Reviewed with you every 7 to 10 days.
Four weeks out	Adjustments made on evidence, if necessary — before the holiday slowdown, not after it.
Every month	You keep getting our market data. We publish our own MLS® pull on the 1st, before the board's release on the 7th or 8th. During your listing that means we can see a shift and respond to it — whether to take an offer now or hold — while other agents are still waiting for the report.

NEXT STEPS

Read it over, then let's walk the house together.

The next step is a walkthrough: an hour in the house, room by room, so the estimate here becomes a pricing strategy we would both stand behind. After that, a conversation about whether a sale this season serves you; holding is a legitimate answer, and we will say so if the evidence points that way. If you believe a sale is in your best interest, we are glad to explore it together — and because the November window is real, the sooner we walk through, the more of it we keep. This page stays live and we keep it current as the market moves; scan the code on the printed copy to open it on your phone.
