35 LONGWOOD DRIVE SOUTH · 24/7 MARKETING PLAN · PREPARED FOR RAZA QARIZADA

Everywhere a $4M buyer looks. Every hour.

Six team pages, two amplifier pages, a 30,000-contact database, paid reach that never switches off, and an AI layer that answers at 11 p.m. on a Sunday. This is what goes live within six days of signature.

552,716

views in the last 90 days across five of our six Instagram pages (Jul 23 – Oct 20) — the sixth page to follow

30,000

contacts in the SYNERGY database — buyers, past clients, investors and the agents who work with them

254,000

followers on the two pages we collaborate with — Ontario Housing Market and Toronto Latinos

01 · REACH

Six pages, one team — 21,669 followers who see every listing we touch.

A solo agent has one feed. 35 Longwood goes out on six at once, each with its own audience, plus the channels below.

Facebook · /sellwithsynergy

The page and the ads account behind it — where the 24/7 campaign runs. Seven languages on the team profile: English, Spanish, Tamil, Sinhalese, Urdu, Hindi, Gujarati.

YouTube · @synergy_realestate

66 videos. The full walkthrough and drone footage live here permanently, searchable by address and by neighbourhood.

LinkedIn · 500+ connections

Where the executive buyer and the relocation file live. The listing goes out from Terrence's profile and the company page.

Google · 5.0 ★ · 141 reviews

What a buyer's agent sees when they look us up before writing. A Google Business post for the listing, and the open house, on launch day.

Database · 30,000 contacts

The monthly SYNERGY newsletter and a launch-day feature to every contact, with the agents who have sent us $3M+ buyers called personally.

The last 90 days, page by page

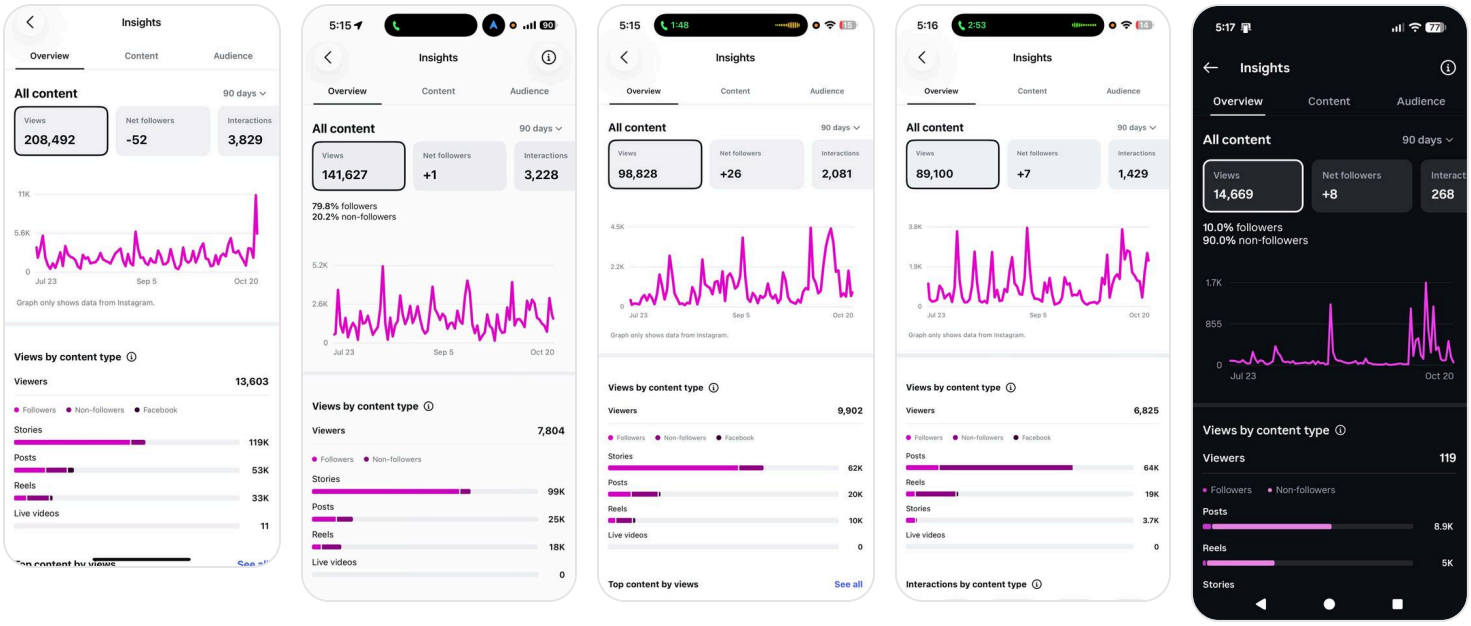

Instagram Insights, July 23 to October 20, on five of the six team pages. Most of these views come from people who do not follow us — the content travels.

552,716

38,253
unique viewers

10,835
interactions — likes, comments, shares, saves

≈ 6,100
views a day, every day, before a single dollar of ad spend

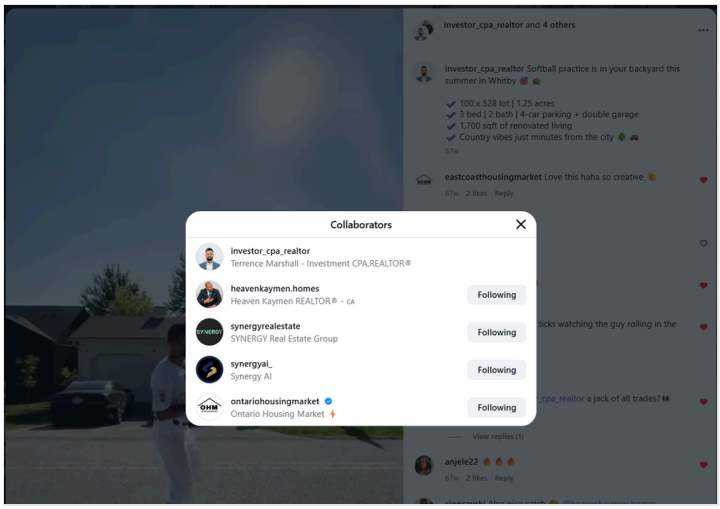

Source: Instagram Insights, 90-day view, screenshots taken October 20–21, 2026. Figures are organic page views and are not a forecast of reach for any one listing.

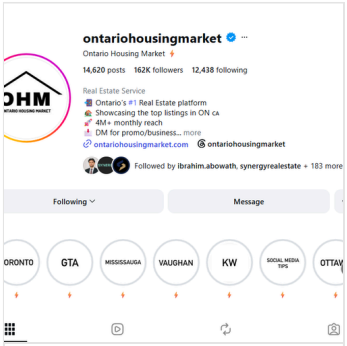

02 · THE MULTIPLIER

One post. Six feeds. Then 254,000 more.

Instagram lets one post carry up to five collaborators — it appears on every collaborator's feed at the same moment, to every one of their followers. We use it on every listing. Then we hand the post to the two biggest real estate pages in the province.

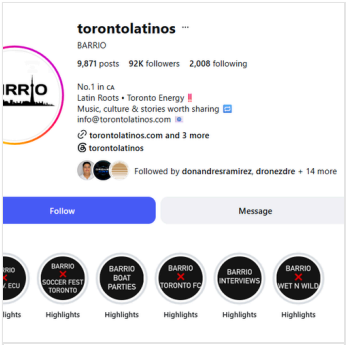

A SYNERGY listing reel: five collaborators on one post, including Ontario Housing Market.

Ontario Housing Market

162,000 followers · 14,620 posts · "4M+ monthly reach" by their own count. The province's largest listing showcase. 35 Longwood's tour reel goes to them in launch week.

Toronto Latinos · BARRIO

92,000 followers · the city's Latin-Canadian community page. They featured Andres this week; the Spanish-language cut of the tour goes out through him.

> **What 35 Longwood gets:** a launch-day collaborator post on all six team pages · the tour reel to Ontario Housing Market · the Spanish cut to Toronto Latinos · stories on every page through the first two weekends · a "just listed" push to the 30,000-contact database the same morning.

03 · VIDEO FIRST

A $4M buyer watches before they visit.

Full walkthrough, drone, and 60-second tours cut for Instagram, Facebook and YouTube — with an agent on camera, not a slideshow. Two of ours, and the team behind them.

Watch the SYNERGY team video

Property tour — reel 1

www.instagram.com/reel/DLzyULKu2LL/

Property tour — reel 2

www.instagram.com/reel/C8keSWDvGlC/

Day 2–3 · shoot

Photography, video walkthrough, aerial drone, floor plans. One crew, one day, while the staging is at its best.

Day 4–5 · cut

Full tour for YouTube and the property page; 60-second vertical cuts for reels and ads; a Spanish-language version; stills for the feature sheet.

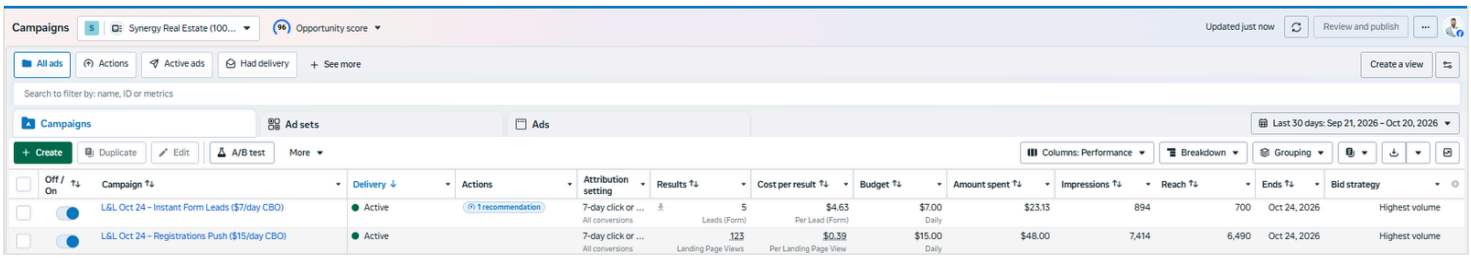

Day 6 · live

MLS® up, property page up, collab post out, campaign on. Nothing publishes without your sign-off on the photography.

04 · 24/7 PAID REACH

The ad does not sleep. Here is the one running right now.

Facebook Ads Manager, live today: two SYNERGY campaigns, always on, reaching 6,490 people for $48 — 39 cents per person who clicked through to the page. The same engine runs 35 Longwood from day six until it sells.

Meta opportunity score, out of 100

The 35 Longwood campaign — three layers, one budget, always on

1 Reach

The 60-second tour as a video-views campaign across Facebook and Instagram: Toronto and a 50 km ring, 30–65, targeted on luxury-property, investment and relocation behaviours, in English and Spanish.

2 Retarget

Anyone who watches half the tour, opens the property page or engages a post sees 35 Longwood again for the next 30 days — the drone cut, then the interiors, then the open house. The property page carries the tracking pixel.

3 Convert

"Book a private showing" — an instant form inside the ad and the calendar link on the page, answered the same hour. A lookalike audience built from our 30,000-contact database finds the buyers who resemble the ones we already know.

Cadence daily budget set on day one and never paused · creative refreshed every 14 days · audiences and spend reviewed weekly · reach, views and clicks reported to you every 7–10 days alongside the showings. Ad reach is campaign-dependent and reported during the listing.

05 · THE REST OF THE MAP

Where the buyer's agent looks — covered the same morning.

MLS® · REALTOR.ca

Full TRREB listing, syndicated to REALTOR.ca and the portals buyers actually use — HouseSigma, Zolo, Zoocasa, Wahi.

Dedicated property page

A page like the one you have been reading: video, floor plans, the full photo set, with a QR code on the sign and in every ad.

Buyer agents, by name

Broker open in launch week; a personal call to every agent who has shown a $4M+ home in Banbury–Windfields this year.

Real network

Internal exposure across the Real Broker Ontario agent network before and after launch — part of the Real REMAX Group family.

Newsletter · database

Featured to 30,000 contacts: past clients, investors and the agents who send us buyers.

Google Business

Listing and open-house posts on the 5.0★ profile a buyer's agent checks before writing.

Open house program

First weekend open house; buyers pre-qualified before a second visit. Agent-accompanied showings, 24-hour notice, no lockbox.

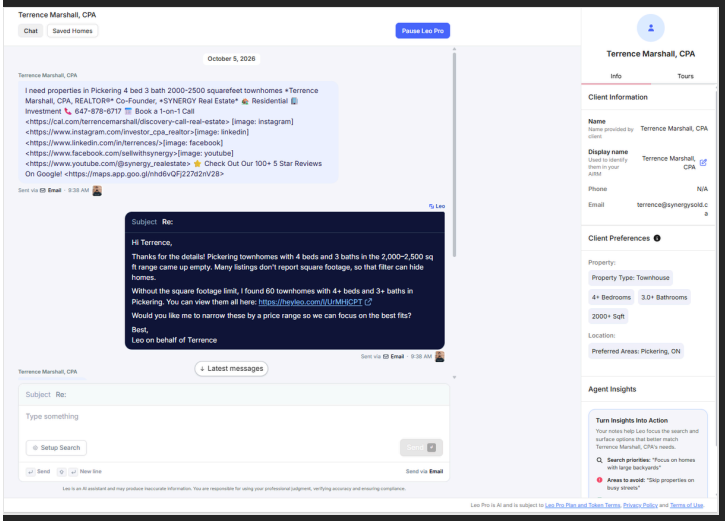

On the ground

Signage with QR, printed feature sheet, and five agents to cover showings seven days a week.

06 · THE AI EDGE

The old luxury agent has a phone. We have a phone and a system.

Buyers message at 11 p.m. and expect an answer by 11:05. Most of this industry still returns calls the next business day. We built around the speed.

Leo, replying to a buyer inquiry on Terrence's behalf: criteria understood, 60 matching homes found, link sent, next question asked — in the same minute.

Leo — the brokerage's AI, on every inquiry

Every email and text about 35 Longwood gets a reply within minutes, 24/7: the buyer's criteria captured, questions answered, the showing booked. Then a licensed agent takes the real conversation. No inquiry waits for office hours.

Our own market data, monthly

We pull every GTA sale on MLS® on the 1st of each month — 4,872 transactions in August — before the board publishes. During your listing we see a shift and respond to it while other agents are waiting for the report.

Built in-house

SynDash, our own portal for rental clients and transactions — applications, showings, documents in one place. The analysis you read on 35 Longwood came out of the same system: MLS®, MPAC and Teranet records, every number checked.

AI handles the speed. Five licensed people handle the judgment. Nothing about price, conditions or an offer is ever decided by software.

07 · FIVE AGENTS VS ONE

What a solo agent cannot do, and what goes wrong without it.

	ONE AGENT	SYNERGY — FIVE AGENTS, 50+ YEARS, $500M+ SOLD
Showings	When their calendar allows	Seven days a week, agent-accompanied, with five people who can be at the door
Audience	One feed, one database	Six pages, 21,669 followers, 30,000 contacts, two amplifier pages with 254,000 more
Languages	One or two	English, Spanish, Tamil, Sinhalese, Urdu, Hindi, Gujarati
Compliance	Their own read of the paperwork	Ian Serota, Broker and former broker of record — the person a brokerage used to call when a file went wrong
Contracts	Sent to a lawyer after the fact	Ibrahim Abowath, J.D., articling in real estate law — clauses read before you sign, not after
Numbers	A calculator	Terrence Marshall, CPA — the buyer's financing, the deposit, the closing math, read like an auditor
Community reach	Whoever they know	Andres Ramirez in the Latin-Canadian community; Heaven Kaymen's investor and leasing network

What goes wrong in a $4M deal — and who catches it.

Marketing gets the buyer to the table. Deals are lost after that. Every item below has sunk a sale somewhere this year; each one has a name next to it here.

WHERE IT BREAKS	WHAT WE DO	WHO
Offer night	Deposit size and timing, irrevocable windows, a second buyer held warm, the best offer identified on terms — not just price	Terrence · Ian
Conditions	Financing and inspection deadlines tracked to the hour; waivers and fulfilments worded correctly; no condition left to lapse by accident	Ian · Ibrahim
The buyer's money	Pre-approval verified with the lender, not taken on faith; deposit confirmed in trust before you stop showing	Terrence
Title and requisitions	Requisition date, writs of execution, survey, open permits and Tarion on a 2019 build — surfaced before a buyer's lawyer finds them	Ibrahim · your lawyer
Appraisal	The comparables package goes to the buyer's appraiser before they visit, so the lender's number supports the price	Terrence
Closing	Possession date, adjustments, inclusions, keys, the walkthrough before funds move — one coordinator, one checklist	Transaction desk · Ian
Silence	You never wonder what is happening. Feedback after every showing; a report every 7–10 days; a call before any decision	Terrence

08 · WHAT YOU'LL SEE, AND WHEN

Evidence every 7–10 days. Decisions on day 14 and day 28.

Day 6
live on MLS®, property page, campaign, collab post, database push

24 h
showing feedback to you after every visit

7–10 d
report: showings, page views, video views, ad reach, feedback, competitor changes

14 · 28
decision points — hold, adjust or accept, on the evidence

Everything above is ready to run the morning the calendar allows. The next step is the walkthrough — it finalizes the pricing, and it is where this plan becomes yours.

Book the walkthrough
