Everywhere a $4M buyer looks. Every hour.

Five agents, six channels, two amplifier pages, a 30,000-contact database, an ad system that never switches off, and an AI that answers when we are asleep — which is rare. Live within six days of signature.

5
agents on one listing — showings seven days a week, seven languages

6 · 4
six channels across four platforms — Instagram, Facebook, YouTube, LinkedIn, Google and email

254,000
followers on the two large pages we collaborate with — Ontario Housing Market and Toronto Latinos

24/7
a paid, optimized ad system getting more eyes on your home while you sleep

Leo
the brokerage's AI answers buyer questions in minutes, any hour, until a licensed agent takes over

01 · THE HALF-POINT

What the extra 0.5% buys — itemized.

Concierge for this file is 4.5%: 2% to the listing brokerage, a full 2.5% to the buyer's brokerage so every agent in the city is motivated to bring their client. Against the Essentials package, the difference is half a point — about $22,000 at the midpoint. This page is where it goes.

LINE	WHAT YOU GET	INDICATIVE
Production	Professional photography · full video walkthrough · aerial drone of the entire lot, over the house and the approach · measured floor plans · a Spanish-language cut · 60-second vertical tours for Instagram, Facebook and YouTube	≈ $3,500
24/7 paid campaign	Facebook and Instagram ads from day six until sold: reach, retargeting and showing-request layers, creative refreshed every 14 days, optimized weekly	≈ $3,000–4,500
Broker open house	Launch-week broker open, catered, every agent active in the $3M+ bracket in C12/C13 invited personally, feedback collected from each	≈ $1,000
Public open houses	First two weekends, staffed by two agents, buyers pre-qualified before a second visit	≈ $500
Amplifier placements	Ontario Housing Market and Toronto Latinos features in launch week; collaborator posts across six team pages	≈ $500
Print and signage	Sign with QR to the property page, printed feature sheets, launch mail-drop to the surrounding streets	≈ $750
Property page · newsletter · Leo	Dedicated page with live market data, feature in the monthly newsletter to 30,000 contacts, AI response on every inquiry	In-house
Staging	Already in place — covered; refreshed if anything moves	Covered
Five agents' time	Showings seven days a week, the broker open, the buyer-agent calls, weekly reporting, negotiation through to closing	The balance

Roughly half of the half-point is spent on the home. The other half is five people's time — which a 4% listing does not include. Figures are indicative and scoped at listing; every dollar of ad spend is reported to you.

02 · REACH

Six channels, four platforms, one team — and 552,716 views in the last 90 days.

A solo agent has one feed. 35 Longwood goes out on six Instagram pages at once, then Facebook, YouTube, LinkedIn, Google and the inbox.

552,716
Instagram views, five of six team pages, Jul 23 – Oct 20

38,253
unique viewers in those 90 days

21,669
followers across the six team pages

Instagram Insights, 90-day view, five of the six team pages; most views come from people who do not follow us — the content travels. Organic figures, not a forecast for any one listing.

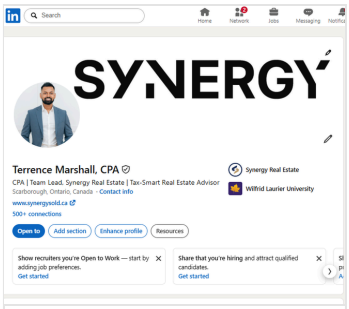

Facebook · /sellwithsynergy

The page and the ads account behind it — where the 24/7 campaign runs and where the video tour is shared across every agent's profile.

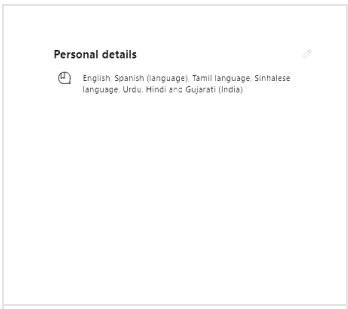

YouTube · @synergy_realestate

66 videos. The full walkthrough and the drone footage live here permanently, searchable by address and neighbourhood.

LinkedIn · 500+ connections

Where the executive buyer and the relocation file live. The listing goes out from Terrence's profile and the company page.

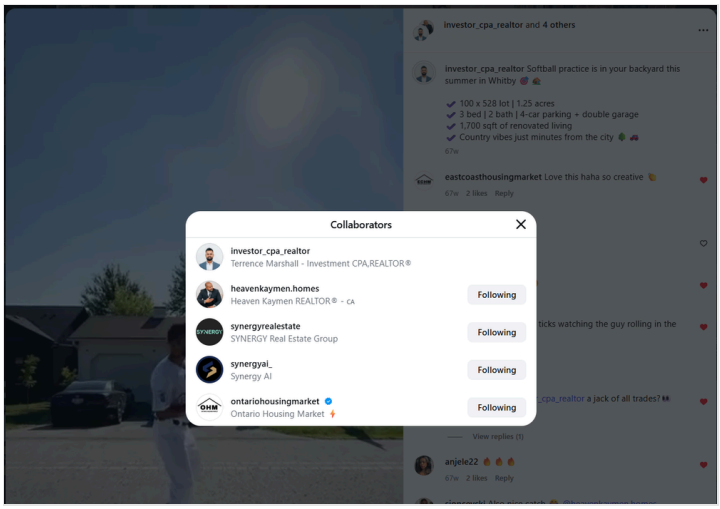

Seven languages on the team

English, Spanish, Tamil, Sinhalese, Urdu, Hindi and Gujarati — the buyer is shown the home in their own language, and the Spanish cut of the tour goes to the Latin-Canadian community.

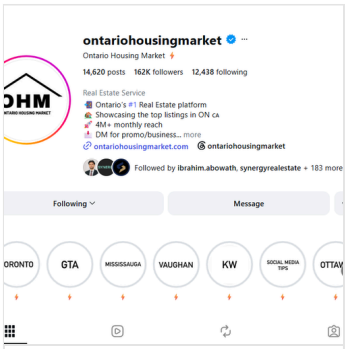

03 · COLLABORATING WITH LARGE CHANNELS

One post. Six feeds. Then 254,000 more.

Instagram lets one post carry up to five collaborators — it appears on every collaborator's feed at the same moment, to all of their followers. We use it on every listing. Then we hand the post to the two biggest real estate pages in the province.

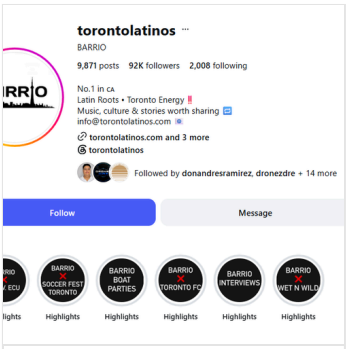

A SYNERGY listing reel: five collaborators on one post, including Ontario Housing Market.

Ontario Housing Market

162,000 followers · 14,620 posts · "4M+ monthly reach" by their own count. The province's largest listing showcase. 35 Longwood's tour reel goes to them in launch week.

Toronto Latinos · BARRIO

92,000 followers · the city's Latin-Canadian community page. They featured Andres this week; the Spanish-language cut of the tour goes out through him.

> **What 35 Longwood gets:** a launch-day collaborator post on all six team pages · the tour reel to Ontario Housing Market · the Spanish cut to Toronto Latinos · stories on every page through the first two weekends · a "just listed" email to the 30,000-contact database the same morning.

04 · VIDEO AND DRONE

A $4M buyer watches before they visit.

Full walkthrough, aerial drone, and 60-second tours cut for Instagram, Facebook and YouTube — with an agent on camera, not a slideshow. Two of ours, and the team behind them.

Aerial drone — the whole lot

The full 62 × 120 lot from above, the roofline and rear yard, the approach down Longwood, and the parkland behind — cut into the walkthrough and as a 15-second opener for the ads. Buyers at this price want to see the land, not just the rooms.

Day 2–3 · shoot · Day 4–5 · cut

Photography, video walkthrough, drone and floor plans in one day while the staging is at its best. Then the full tour for YouTube and the property page, vertical cuts for reels and ads, a Spanish version, stills for the feature sheet.

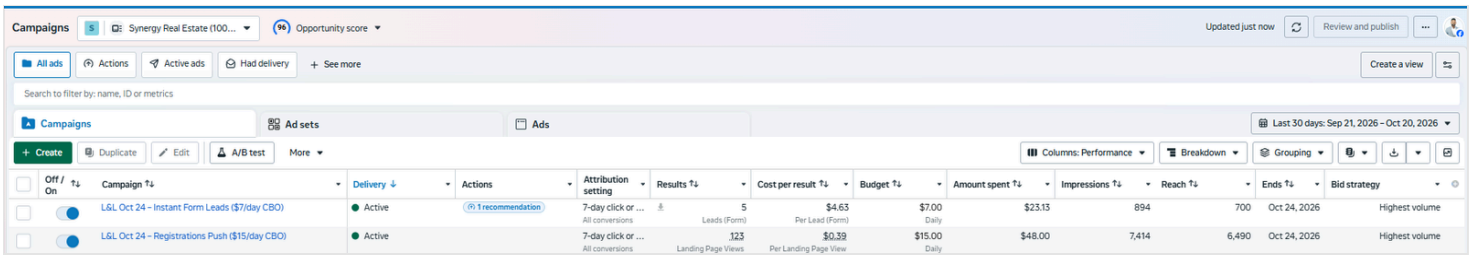

Day 6 · live

MLS® up, property page up, collaborator post out, campaign on, broker open booked. Nothing publishes without your sign-off on the photography.

05 · THE 24/7 MARKETING SYSTEM

The ad does not sleep. Here is the one running right now.

Facebook Ads Manager, live today: two SYNERGY campaigns, always on, reaching 6,490 people for $48 — 39 cents per person who clicked through to the page. The same engine runs 35 Longwood from day six until it sells, optimized every week to get more eyes on your home.

2
campaigns active today, 24 hours a day

$0.39
per landing-page view, last 30 days

6,490
people reached on a $48 spend

96
Meta opportunity score, out of 100

The 35 Longwood campaign — three layers, one budget, always on

1 Reach

The 60-second tour as a video-views campaign across Facebook and Instagram: Toronto and a 50 km ring, 30–65, targeted on luxury-property, investment and relocation behaviours, in English and Spanish.

2 Retarget

Anyone who watches half the tour, opens the property page or engages a post sees 35 Longwood again for the next 30 days — the drone cut, then the interiors, then the open house. The property page carries the tracking pixel.

3 Convert

"Book a private showing" — an instant form inside the ad and the calendar link on the page, answered the same hour. A lookalike audience built from our 30,000-contact database finds the buyers who resemble the ones we already know.

Cadence: daily budget set on day one and never paused · creative refreshed every 14 days · audiences and spend reviewed weekly · reach, views and clicks reported to you every 7–10 days alongside the showings. Ad reach is campaign-dependent and reported during the listing.

06 · THE NEWSLETTER AND THE DATABASE

30,000 contacts read our numbers every month. In November they read about your home.

Straight from MLS®, pulled by our team on the 1st and read in plain English — this is October's edition, as it landed in 30,000 inboxes. 35 Longwood is the featured listing in the next one, and gets its own "just listed" email the morning it goes live.

30,000

past clients, buyers, investors and the agents who send us buyers

Monthly

our own MLS® pull on the 1st — before the board publishes on the 7th or 8th

Day 6

"just listed" email to the full database, with the video tour and the property page

Open the October 2026 newsletter in its own tab →

07 · ON THE GROUND

Broker open, open houses, and showings your way.

Broker open house — launch week

A weekday late-morning, catered. Every agent who has shown or sold a $3M+ home in C12/C13 this year is invited personally — by call, not by blast. Each one leaves a feedback card; you see every card. This is where the buyer's agent decides whether to bring the client.

Public open houses — first two weekends

Two agents on the door, sign-in with pre-qualification before any second visit, the feature sheet and the QR to the property page in every hand. Neighbours come too — and neighbours know who is looking.

Showings, your way

Agent-accompanied with 24-hour notice, no lockbox, buyers pre-qualified before a second visit. Five agents mean a 7 p.m. Sunday request is a yes. Feedback to you within 24 hours of every visit.

MLS® · REALTOR.ca

Full TRREB listing, syndicated to REALTOR.ca and the portals buyers use — HouseSigma, Zolo, Zoocasa, Wahi.

Dedicated property page

Video, floor plans, the full photo set and live market data, with a QR code on the sign and in every ad.

Real network

Internal exposure across the Real Broker Ontario agent network before and after launch — part of the Real REMAX Group family.

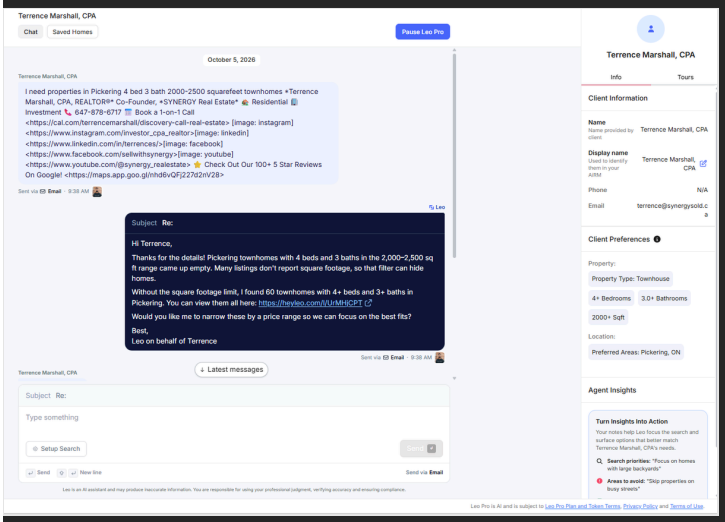

Google Business

Listing and open-house posts on the 5.0★, 141-review profile a buyer's agent checks before writing.

08 · WHEN WE'RE ASLEEP — WHICH IS RARE

Leo is answering.

Buyers message at 11 p.m. and expect an answer by 11:05. Most of this industry returns the call the next business day. Leo — the brokerage's AI assistant — replies to every email and text about 35 Longwood within minutes, any hour: criteria captured, questions answered, the showing booked. Then a licensed agent takes the real conversation.

Leo, replying to a buyer inquiry on Terrence's behalf: criteria understood, 60 matching homes found, link sent, next question asked — in the same minute.

Every inquiry, in minutes

Portal leads, ad-form leads, emails and texts all land with Leo first. No inquiry waits for office hours; no buyer cools off overnight.

Our own market data, monthly

We pull every GTA sale on MLS® on the 1st — 4,844 in September — before the board publishes. During your listing we see a shift and act on it while other agents wait for the report.

Built in-house

SynDash, our own portal for rental clients and transactions. The analysis you read on 35 Longwood came out of the same discipline: MLS®, MPAC and Teranet records, every number checked.

AI handles the speed. Five licensed people handle the judgment. Nothing about price, conditions or an offer is ever decided by software.

09 · IN-HOUSE MEANS NO DELAY

Five agents vs one: the answer is in the room, not on a callback.

A solo agent sends the clause to a lawyer, the question to a manager, and the buyer's financing to hope. Here the answer sits at the same table — so nothing on your file waits.

THE QUESTION	WHO ANSWERS IT	WHEN
"Is this clause safe to sign?"	Ibrahim Abowath, J.D. — articling in real estate law	In the room
"Can we do this? Is it compliant?"	Ian Serota, Broker — former broker of record, 10+ years Toronto luxury	Same call
"Does the buyer's financing hold?"	Terrence Marshall, CPA — pre-approval verified with the lender, deposit confirmed in trust	Same day
"The buyer speaks Spanish / Tamil / Urdu…"	Andres Ramirez, Terrence, Heaven Kaymen, Ibrahim — seven languages, no interpreter	At the door
"Can they see it Sunday at 7?"	One of five agents	Yes
"What is happening with my listing?"	Terrence — feedback after every showing, a report every 7–10 days, a call before any decision	Always

Where a $4M deal breaks — and who catches it

Offer night

Deposit size and timing, irrevocables, a second buyer held warm, the best offer chosen on terms — not just price. **Terrence · Ian**

Conditions

Financing and inspection deadlines tracked to the hour; waivers worded correctly; nothing lapses by accident. **Ian · Ibrahim**

Title and requisitions

Requisition date, writs, survey, open permits and Tarion on a 2019 build — surfaced before the buyer's lawyer finds them. **Ibrahim · your lawyer**

Appraisal and closing

The comparables package goes to the buyer's appraiser; possession, adjustments, inclusions and keys on one checklist. **Terrence · transaction desk**

10 · WHAT YOU'LL SEE, AND WHEN

Evidence every 7–10 days. Decisions on day 14 and day 28.

Day 6
live on MLS®, property page, campaign, collab post, database email, broker open booked

24 h
showing feedback to you after every visit

7–10 d
report: showings, page views, video views, ad reach, feedback, competitor changes

14 · 28
decision points — hold, adjust or accept, on the evidence

Everything above is ready to run the morning the calendar allows. The next step is the walkthrough — it finalizes the pricing, and it is where this plan becomes yours.

SYNERGY Real Estate Group · REAL Broker Ontario Ltd., Brokerage · 130 King St W, Unit 1900B, Toronto, ON M5X 1E3 · 647-878-6717 · terrence@synergysold.ca.
